

## Results Outreach Committee Call for Proposals

The Results Outreach Committee (ROC) is a sub-committee of MCC's Student Outcomes Committee (SOC). Its mission is to provide a mechanism and the resources to support faculty and/or departments in developing outcomes-based initiatives directly linked to assessment results data.

### ROC Call for Proposals

The Results Outreach Committee (ROC) is seeking proposals for faculty projects to be developed during summer and completed during the following academic year. Proposals are for instructional initiatives or **projects based on MCC's outcomes assessment results**. Preference will be given to proposals that involve groups of faculty or entire departments and demonstrate a long-term benefit to students and the academic climate. Interdisciplinary teams are encouraged.

Compensation will depend upon the nature of the project and might include grants, resources or support, stipends, expenditures, equipment, or recognition. Funding for past proposals have ranged from \$1,500-7,000 for teams of 3-10 participants. Proposals will be reviewed by an ad hoc faculty committee comprised of SOC and ROC members.

### Proposals should:

1. Focus on an instructional initiatives **based on college-wide outcomes assessment results**.
2. Benefit students, programs, and departments. Preference will be given to proposals that involve groups of faculty or entire departments. Interdisciplinary teams are encouraged.

### Assessment Background Information

**Several problem solving/critical thinking themes have emerged from student outcomes assessment over the past years:**

- Students have difficulty with recognizing the opposing viewpoint and expanding their personal perspective to adopt a broader view.
- Students need to be further challenged in their ability to apply knowledge, draw valid conclusions and judge the validity of inferences.

Strong preference will be given to 2011 ROC grant proposals that address one of these or related problem-solving/critical-thinking themes identified in MCC's Assessment Week results.
